RUN YOUR OWN BUSINESS.

About a year ago "friends of the farmer" were going all over the south telling us farmers that the world was bare of cotton, that we were traitors to our families, our communities, and last but not least our "Associations" if we sold our cotton for forty cents. Well, we didn't have a bit better sense than to believe these politicians and "would-be-politicians" and a great number of the "bigger fry" did not sell at forty two cents. Now they are cussing everything and if they can't find nothing else to cuss they rave at high taxes. Why some farmers could not stand prosperity and tried to buy up the whole earth so they could leave large estates to their children; Well! they are raising hell—spitting fire, and going to Columbia cussing the legislature and doing everything to lay their troubles on some one else.

Now, boys, calm yourself, keep your shirt on and your suspenders tight, and let's take stock of our condition, just as the good merchant does each year. We just allowed ourselves to be told how to run our business and held our cotton, and planted too much in 1920. Does the good banker go to the public meetings and listen to the advice of loudmouthed agitators, as to when he shall loan the bank's money and what collateral he shall take? No! If he did the bank would go busted in six months. Run your own business in 1921 and if you are not competent go to Joe Cabell Davis and have your wife appointed to look after you and your affairs. Boys, we just naturally got to take our medicine; it is a bitter dose but the sooner we get the bad taste out of our mouths and start over, the better it will be for us. We can't stand still, and the sooner you bury a corpse the quicker you will get rid of the scent. Do you know 1920 was a powerful bad year to me. I have thought a great deal over the situation and what I am going to do is to sell my cotton when the bank wants me to, and I am going to do my best to get the bank to float me for another crop. I am going to plant oats, corn, hay and peas, Irish potatoes and sweet potatoes enough for my own use, and then some; some tobacco and then the rest in cotton and if any man comes around to me with a paper to sign trying to help me run my business I am going to tell him to go "where they never shovel snow." Did one of those advisors ever offer to pay my losses sustained by reason of his advice. Gracious no.

The successful man whether he be merchant, banker, farmer, lawyer or doctor, is the man who maps out his own affairs and turns a deaf ear to the common rabble. Boys, let's run our own business for a spell and see how we come out. Did you ever stop to think what suckers we have been for years?

Farmer Bob.

SIT DOWN A MINUTE AND THINK

Size Up Your Condition. Look at the Facts Squarely.

IT PAYS TO HAVE GOOD HEALTH

Most illnesses are prevented by a Good Supply of Rich, Red Blood

Take Pepto-Mangan, the Red Blood Builder.

Either you are in good health or you are not. There's no half way. You may think nothing of being a little run down. It may not worry you if you look pale. You may think you'll be all right tomorrow or next day. But will you?

Certain it is when you do not feel just right you are not right. There is probably something the matter with your blood. And while you can get around and do your work you are leaving yourself open to any of the diseases that are always waiting to take possession of run down people.

When you are pale and easily tired, when you cannot enjoy your meals, when you lose enthusiasm, your blood needs attention.

Take Pepto-Mangan for awhile. It is a great tonic. It will build up your resistance to disease and you will soon feel stronger. The little red corpuscles are fighters. They battle with disease germs and win out when there are enough of them. Keep your system well supplied. Then you will keep well and you will enjoy life.

But be certain you get the genuine Pepto-Mangan. Ask for it by the full name—"Gude's Pepto-Mangan." Some people take it in tablet form. It is so convenient. The liquid and the tablets have the same medicinal value. Look for the name "Gude's" on the package.—Advertisement 2 24 1t.
